

THE UNIVERSITY *of* EDINBURGH

Edinburgh Award (Business School and Professional Development – Undergraduate)

This Award is given to Undergraduate Students in the Business School whom the University has recognised for actively working to maximise their impact and excel in their professional development. These students have experienced group coaching and engaged with development sessions to increase the professional development of themselves and their peers.

In successfully completing the Edinburgh Award, these students will have been helped to:

- increase their self-awareness;
- make the most of their existing strengths and build new skills/abilities against clear development goals;
- understand the processes involved in having a planned positive impact and strategically working to excel, enabling them to have impact and make a difference whatever situation they are in; and
- look not only at their professional development, but also to capitalise on their experiences elsewhere to inform and enhance their professional development, and vice versa.
