

THE UNIVERSITY *of* EDINBURGH

Edinburgh Award (School of Informatics: Tutoring)

This award is given to students whom the University has recognised for actively working to maximise their impact and excel as a tutor. These students have tutored school students studying Computer Science at exam-level, with an optional outreach activity for their students. In successfully completing the Edinburgh Award, these students will have been helped to:

- increase awareness of their strengths
- make the most of their strengths, identify areas for development, and work on a plan to develop these skills
- confidently demonstrate what they have to offer to others
- achieve a positive and lasting impact
- look not only at their tutoring, but also to capitalise on their experiences elsewhere to inform and enhance their role as a tutor, and vice versa.
